**Re: LightSquared Subsidiary, LLC  
Ex Parte Communication. IB Docket No. 11-109  
IBSF File No. SAT-MOD-20101118-00239**

Dear Ms. Dortch,

It has recently come to my attention that LightSquared recently petitioned the FCC to affirm its license and allow it to begin work, even though independent tests showed that interference with high-precision GPS will occur if LightSquared goes forward with its plan.

As a Professional Land Surveyor, who depends daily on high-precision GPS, I strongly oppose LightSquared's request (which ignores the recent independent test results) to affirm its license and its request to go forward with its plan.

Sincerely,  
**SUMMIT ENGINEERING CORPORATION**

Bob Thibault, P.L.S.  
Elko Survey Manager
